WEB DESCRIPTION

New Work_Out Vertical bag in water-repellent two-tone nylon, specifically designed to transport and protect your Microsoft Surface Pro 3. The bag has contrasting waxed-effect edge beading which gives it a technical, extremely contemporary look. The external front pockets are ideal for holding smartphones, pens, cards and keys. The rigid, fabric-covered handles offer a highly ergonomic grip. One of the most sophisticated touches is the inverted front zips which hide their teeth from view, giving the bag an extremely clean and refined look. The interior of the bag contains an Anti-Shock system padded compartment large enough to hold not just your Surface, but also its keyboard cover and stylus.
